

I wish to thank you for taking the time to learn about the ATMtrailer. I have included in this packet pictures of many such ATMtrailer units. Some things I would like to point out about the ATMtrailer units we build for financial institutions are listed below. It is our hope that you will request a quote from us on an ATMtrailer unit for your institution. The time to build is from 5-8 weeks depending on the features you choose. Please simply check the features you would prefer in your ATMtrailer unit and email this form to info@atmtrailer.com. Should you prefer to have more than one quote, please fill out the section for each quote you need to receive.

Name of your institution: _____

Email address and name of person to direct the quote to: _____

Quote A

	Hoysung 5100T ATM
	Single GenMega GT3000 ATM
	Duo GenMega GT3000 ATM
	Media Advertising
